

UAE: The Entrepreneurial Nation (TEN)

The Challenge: Help transition the UAE economy into high value sectors that can contribute to jobs and economic prosperity for all.

The Opportunity: Establish public private partnerships bringing together accelerators, funding entities and companies with the goal is to graduate 20 unicorns from the UAE over the next 10 years.

The Solution: The Entrepreneurial Nation is a national project for entrepreneurship and SMEs. It features the biggest public private partnerships of it's kind bringing together incubators, accelerators, funding entities and private corporations.

The mission, bound by a unified vision, will augment the culture of entrepreneurship, and provide solutions and learning opportunities to enhance the ecosystem for entrepreneurial minds and businesses across the globe to make the UAE The Entrepreneurial Nation.

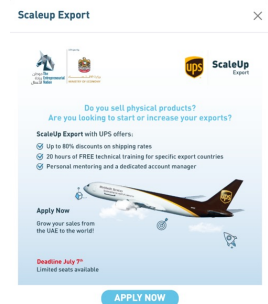

Target Audience:
Entrepreneurs and innovators

Focus Areas:
SDG 9, 11 & 17

Incentive:
Prizes and Scaling Up

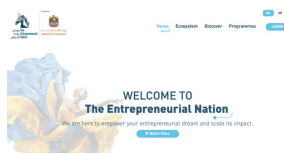

The **IMPACT:**

- Millions aware about TEN and the opportunities available to entrepreneurs in UAE
- 5,000+ registered in various initiatives running on the digital platform
- 2,000+ submissions to various skilling up, starting and scaling up initiatives
- Over 20 world class industry partners and countless incubators engaged in the first year
- Over \$1 million dollars of support to entrepreneurs provided by the collective ecosystem
