THE CHALLENGE

- Lack of a unified and scalable platform for Tourist Guide certification
- Manual and fragmented registration, payment and certification processes
- Ensuring quality, consistency and integrity of guide training and assessment
- Need for secure and reliable certification and licensing
- High operational effort and long turnaround time for approvals

THE SOLUTION

DCT Tourist Guide Platform – an end-to-end digital platform that enables aspiring guides to learn, get certified and receive their official license.

- ✓ Seamless course purchase integrated with Government TAM payment system
- ✓ Structured online training with expert-designed content
- ✓ Interactive learning experience with videos, quizzes and assessments
- ✓ Smart certification exam with AI proctoring and anti-cheating
- ✓ Digital certificate and official license issuance
- ✓ Secure verification and license management
- ✓ Real-time dashboards and reporting for DCT

THE IMPACT

- Standardized certification process ensuring high-quality guides
- Thousands of certified and licensed tourist guides
- Faster, transparent and secure end-to-end process
- Enhanced visitor experience across Abu Dhabi
- Stronger destination reputation through professional tour guiding
- Empowered local talent and career opportunities

PLATFORM OVERVIEW

A comprehensive digital platform that manages the complete journey from registration to licensing for Tourist Guides.

- User Registration & Profile Management
- Course Purchase via TAM Payment Gateway
- Self-Paced Online Training
- Learning Resources & Interactive Content
- Practice Tests & Assessments
- Smart Certification Exam (AI Proctored)
- Certificate & License Issuance
- License Verification & Management
- Analytics & Reporting Dashboard
